

APPLICATION FOR VOTO SUPPORT PROJECT

Thank you for applying for a VOTO Support project!

Application Process:

The process of an application for a VOTO Support project consists of three stages:

1. The first draft of the project proposal is sent to VOTO in good time before the VOTO Support deadline, we recommend 4 weeks.
2. VOTO arranges a meeting to discuss the suggested project and any changes that need to be made to the proposal due to technical or logistical issues.
3. The final version of the project proposal is submitted before the VOTO Support deadline.

For oceanography projects, contact Louise (louise.biddle@voiceoftheocean.org) and Anna (anna.wranne@voiceoftheocean.org)

For cultural or historical projects, contact Björn (bjorn.hagberg@voiceoftheocean.org)

VOTO Support project proposal outline (2–3 pages)

Project name

Name of applicant

Name of institution

- Popular science abstract (100 - 200 words)
- Motivation and scientific background
- Associated researchers and identified collaborators.
- Additional funding connected to the proposal that could cover aspects of the project that VOTO does not fund.
- Methodology including where you would like support from VOTO.
- Critical variables to capture, including resolution in time and space.
- Outcomes – short summary of the expected milestones and outcomes
- Project timeline; expected field work activities and milestones/outputs (conferences, papers, published datasets etc.)
